RE: Matter of Tower Equities, Inc., et al., Docket #S-03439A-00 - 0000

Dear Barbara:

I have received your fax of today's date stating certain objections to the Division's proposed exhibits 27-31 and 32. I wish to memorialize that in our telephone conversation earlier today, you stated that you would have no additional objections to admissibility of the Division's proposed exhibits. Relying upon this fax and telephone conversation, the Division will not plan to call a witness, which we otherwise would have done for the purpose of establishing the foundation for some of the exhibits. In other words, the admissibility into evidence of the Division's exhibits, other than 27-32, is not contested.

The Division has no objection to admission of Respondents' proposed exhibit.

Finally, I wish to memorialize that you stated in our telephone conversation that Respondents will not call any witnesses at the hearing.

Very truly yours,

Amy J. Leeson
